

EXHIBITOR REGISTRATION

EVENT INFO:

The ALL IN Conference & Expo (formerly known as the B2B Expo) is a combination of education, workshops, speakers, and tradeshow. We are excited to add these new opportunities to provide additional value and professional development to our attendees and members.

The 2019 ALL IN Conference & Expo will be attended by more than 50 organizations and 500+ attendees. The day will begin with a Keynote speaker, and then break into various education sessions for conference attendees. The Expo will open at lunch to capture all the conference attendees. Guests not attending the conference can come in and explore the expo free of charge, so be sure to spread the word to all your fans! This event is an excellent opportunity for strategic networking and obtaining solid business leads. Round out your experience by attending the conference and gaining valuable education and inspiration! The event will end with a cocktail party where you can network and mingle with your fellow vendors and attendees.

The theme is: Storytelling. We encourage all vendors to find unique ways to share in this theme.
